

Message from EU NoAW KESP Corporate Member WIN TIME

Dear Sir/Madam:

It is pleased to know your existence on the seminar during October 22nd~ 23rd in Beijing.

Together with everyone we are in full support on the initiative.

We have been spending nearly 20 years on implementing an innovative fire extinguisher with filled agents come from plants, more than 30 species through processes, which proved to be effective and good welfare to environment, ecology system and human beings.

It is full in match to the objectives of all global environmental activities. We need your assistant to make business channels or disseminate to your friends for the purport of healthy world.

Should you need more information or come about any question, please feel free to contact me.

Your help will be deeply appreciated. Thank you very much!

Best regards,

Rona Liu
